1. Expanding your Horizons Conference, April 25th

Female Volunteers Desperately Needed for EYH
Saturday, April 25, 2009 from 8:30 am-5:00 pm

Help get 7th-9th grade girls excited about math and science by volunteering as a buddy at Expanding your Horizons (EYH). Spend the day escorting a participant to the workshops she will participate in (and participate with her)! Some girls come with their parents, but buddies are there for the girls whose parents can't attend the conference. It is a great opportunity to pass your love of science on to the next generation. Buddies also receive an EYH t-shirt, meals and are invited to a volunteer appreciation dinner. You can find out more about the conference at our website (<http://www.ccmr.cornell.edu/education/eyh/>). Please email kjs237@cornell.edu for more info or to sign up.

2. Last General Body Meeting! – April 29th

Come join us for our last GBody SWE Meeting at 5:15 in the Philips Lounge on Wednesday, April 29th! There will be food and drinks!

□ 3. Sisterhood of Science - Saturday, May 2, 10am - 2pm. □ □ Local middle school girls will be visiting Cornell on May 2 to complete an environmental engineering project as the culmination to their monthly Science Club meetings. About 25 SWE volunteers are needed to help the girls with their projects. No previous knowledge of environmental engineering required! These girls come from schools where very few students go to college, so come encourage these girls to pursue higher education. Contact Jennifer Weil

jrw85@cornell.edu with any questions.

4. Volunteer for High School Outreach, May 4th

Hi ladies,

We all have such fond memories of high school; sitting through easy classes, spending our parents' money, getting excited for silly things like prom. Ever wish you could go back? Well you can! Join me and my fellow high school outreach chair, Natalie Katchmar, and volunteer for this year's SWE High School Outreach event. Sign up to help out with our activity either during the morning or afternoon of May 4 (the first day of study break) and have some science-related fun with high school kids! As a thank you for volunteering, we will provide breakfast for morning volunteers and lunch for afternoon volunteers. Plus, you'll get lots of SWE merit points for helping out!

In summary,

Volunteer for half of the day on May 4 (morning or afternoon)

Get free food and SWE merit points

Have fun with high school kids

We hope you'll join us! Please e-mail Jessica Stark at jcs423@cornell.edu or Natalie Katchmar at nnk9@cornell.edu if you're interested.

5. Take Pictures at SWE Events!

Hi everyone,

I am a publicity chair for SWE this year and am responsible for writing a newsletter about the various SWE events this semester. If any of you happen to volunteer at an info session or attend any other interesting event, I would really appreciate it if you took a camera with you! Please email me (ng262) any pictures you may have or just write me a sentence or two about what happened and what you did. This would be a great way for me to keep up with what everyone is doing for SWE! Thanks a lot!!
- Natasha
