

SWE Activity Report 2007 - 2008

Event: Girl scout day Time -

Date: _____ Number of Participants: _____

Please attach all participant lists, relevant pamphlets/flyers, and pertinent info.

Chairs of Event		
Name	Email	Year / Major
Megan Altmire	Mna33@cornell.edu	2012/Chemical Engineering

Please submit a brief schedule of the planning of your event and any relevant contact people:

Activity to be done	By (Date)	Contact Person	Phone Number (or Email)
Reserve activities from Mainstreet science	Feb 19	Catlain Vincent	Cav54@cornell.edu

1. About the event – Please describe the event briefly. Was the turn out what you expected and/or wanted?

Ooze, slime, silly putty, lemon powered batteries, cantilevers and bridges were followed exactly as is listed on the lesson plan. Secret code followed the M&M lesson plan.

2. Specific Problems – Please list any problems that were encountered in the organization and execution of the event.

We had requested catapults from mainstreet science but a few days before the event, we found out we could not get the kit. The kit was not returned by another group in time for us to use it. Another one was made up and used.

One of the training sessions only had one volunteer in attendance.

3. Suggestions – Please elaborate on ways in which SWE can improve this event for next year. Include general suggestions and advice for the future.
Order an extra kit or two.
Get phone numbers of leaders of troops
Have the volunteers give a small presentation on their topic for each station... a video or an example of that type of engineering in real life.
Bring a fully charged camera.

Item	Purchased From	Cost
Wegmans		\$65.98
M&M and tape	Wal-mart	\$25.00
Badges		About 85 about \$127.50
Total =		\$
