A Note from Cornell SWE Presidents

Dear Company Recruiters,

As a national, professional, and non-profit educational service organization, the Society Women of Engineers' (SWE) mission is to promote women in engineering. We advocate the importance of diversity and encourage academic, leadership, professional, and personal excellence in students of today and tomorrow. The Cornell section provides many opportunities throughout the year for the Cornell Engineering community and focuses on the development of our members as both engineers, professionals, and people of character.

Through continued support from our sponsors, we are proud to continue to offer our members the opportunity to attend the SWE Annual Conference. Many of last year's attendees from our section remarked that this extraordinary event was one of the most valuable experiences of their college career. We also pride ourselves on our involvement within the local community, where we encourage STEM interest amongst K-12 students through programming our Outreach team develops as well as partnerships with the Girl Scouts of America, FIRST Robotics, SWENext, and local non-profit partners. Our directors, committee members, and general body members work tirelessly to plan and execute these events. We continue challenge ourselves to enhance and expand our reach within our campus and local communities every year.

We are extremely appreciative of the support our sponsors give us year after year. Without it, none of our achievements would have been possible. The Cornell University section of the Society of Women Engineers values the relationships between our partners and strives to strengthen such relations in the future. We would like to invite you to join in our mission of developing and sustaining a community for women engineers from all walks of life to reach their full potential. With your help, we are confident we will be able to continue to advocate for women in engineering for many years to come.

Company Information Sessions:

Dear Company Recruiters,

Cornell SWE would like to offer you an opportunity to schedule an information session for the Fall 2018 academic year. This is a special chance to help students learn about your company, and for your company to enhance its visibility on campus and get acquainted with prospective employees.

A SWE information session consists of...

- Base \$325 cost of a SWE information session includes room reservation, audio-visual equipment, resume zip file containing a compilation of resumes submitted by Cornell SWE members, and publicity.
- Refreshments are available for an additional fee. Prices for refreshments are determined by the anticipated attendance at the information session as outlined below.
- We welcome the opportunity to plan a more unique event suitable for your company's presentation.

To register your company for a SWE Information Session please fill out this form on our website: <https://swe.cornell.edu/info-session.html>

Upon receiving your registration, we will send you a letter of confirmation.

Sponsorship Tiers:

Our sponsorship process makes it easy for you to sponsor Cornell SWE in three simple steps:

- **First**, you choose the donation amount you would like to make. Cornell SWE is very grateful for all donations as they help to fund our programs and mission.
- **Second**, you decide which initiatives you would like to direct your funds to. You can choose from an info session or PND as outlined above, specify a directorship (Career Development, Conference, Communications, Corporate Relations, Student Services, or Outreach — more information can be found at <https://swe.cornell.edu/directorships.html>), or make a general donation and the Cornell SWE leadership team will work together to target the programs where funds are needed most.
- **Third**, enjoy the benefits of your sponsorship level!

To set up a sponsorship, visit us online or contact cornellswefundraising@gmail.com
