

WANT TO WORK ON TECHNOLOGY CRUCIAL TO SPACE EXPLORATION AT **HONEYBEE ROBOTICS?**

## Summer 2010 Internship

**SPONSORED BY**

**HONEYBEE** ROBOTICS Spacecraft Mechanisms Corporation +

**Exploration  
Systems  
Mission  
Directorate**

### ELIGIBILITY

United States citizen

Full-time undergraduate student at a NY Space Grant Institution

Mechanical engineering or electrical engineering major,  
completing junior or senior year by summer 2010

Minimum GPA: 3.0 (on a 4.0 scale)

### DETAILS

A position is available for summer 2010. The selected intern will engage in hands-on engineering projects with a mentor during the 10-week, full-time internship at Honeybee's Manhattan facility. New York Space Grant Consortium will pay the intern a NASA ESMD stipend of \$5,500.

### To APPLY:
