1. **About the event** – Please describe the event briefly. Was the turn out what you expected and/or wanted?

We visited 3 schools with volunteers and did Main Street Science activities in all of the classrooms that we visited. We had fewer classrooms respond than last year but the teachers that responded were very enthusiastic.

2. **Specific Problems** – Please list any problems that were encountered in the organization and execution of the event.

- Food was not ordered/picked up early enough
- We did not have as many volunteers respond as we had hoped.

3. **Suggestions** – Please elaborate on ways in which SWE can improve this event for next year. Include general suggestions and advice for the future.

- Have more of their own members participate (most of our volunteers were not members of SWE).

- Possibly try to get more classrooms/teachers invdved.

4. **Budget-** Please make a budget of things purchased for this activity and their prices.
